

SELECTMEN'S MEETING

August 3, 1978

Present were Oliver Andrews, Roland Sallada and Betty Hooper.

Donna Dicey came in to ask about the process of locating a trailer on her father's property. She was advised that her father (Everett Dicey) would first have to approach the Planning Board with a subdivision of the acreage he plans to allot to her. She will pursue this course.

A building permit for the construction of a garage was approved for Daniel Doble. A permit for the construction of a barn was denied David Wilson and Donald Pepin. This will not be turned to the Board of Adjustment as there is no way this building could be approved.
